THE LIFESTYLE

There are very few addresses, more desirable in Pottsville than Black Rocks Estate. This Southern most extension of the Tweed's coastal communities, offers a reprieve from busy suburban living. Bordered by the creek and ocean to the East, and the koala corridor/nature reserve to the West, the estate enjoys the organic features that make the region so popular. Life is best summarised with time spent on the stretches of sand at Black Rocks Beach or either above or below the waters of the Mooball Ck.

THE LAYOUT

With four bedrooms, multiple living areas and expansive outdoor entertaining areas, this is a home that is perfect for buyers with families or those who love to entertain
